**Hi there Jeff,**

**Just thought I'd drop a line to say thanks, and how much we appreciated your efforts before & whilst away.**

**Your constant efforts to contact us despite the time difference where much appreciated and gave us the confidence to chose you for the rental.**

**Thanks for all the lifts, maps & advice given both before and on arrival. This made a massive difference to the enjoyment of our holiday, particularly the choice of routes - Highway 1 being totally amazing both above and below San Francisco. Compared excellently with my favourite road between Denbigh & Ruthin, the long way (B4501/B5105). On Highway 1 we managed 100 miles giving it our best, seeing only a couple of other vehicles, only stopping in the end cause the reserve light came on, absolutely fantastic.**

**Would happily recommend you to other clients. Please give my thanks to Del Amo Motorsports - John and his team - for the excellent service we received down there. Much in excess of the service we've received in the UK.**

**Hope to return again one day please feel free to pass on my email address for recommendations.**

**Thanks again,**

**Peter**
